St Paul's Square represents the first phase of Liverpool's New Commercial District centred on Old Hall Street and Pall Mall. The master plan provides for in excess of 1.5 million square feet of high quality commercial floor space, apartments, ancillary retail space, extensive new public realm and car parking.

The first phase of St Paul's Square comprises 125,000 sq ft of prime office space (pre let to law firm Hill Dickinson), 50 apartments, restaurant space and a 400 space car park, all overlooking the square. The second phase, that set new standards for office space in Liverpool is the most prestigious business address in the city. Now completed, It provides 133,000 sq ft of Grade A office accommodation overlooking St Pauls square.

Contract Value: £115,000

Contract Duration: 12 Months

Client Reference:

"I cannot fault the service provided by Focus Fire and Security Limited. The project was delivered ahead of time and involved installing some complex security systems which were competitively tendered and awarded on best value principles. The Focus team has a 'can do' attitude, which often goes beyond our service level requirements without increasing final account costs. I have no hesitation in recommending Focus Fire & Security Limited to any Client".
